UNITED STATES PHYSICISTS' TOURNAMENT

This year the tournament will take place at **Oklahoma State University** (Stillwater, OK). The participating teams will be competing for the right to represent the USA at the International Physicists' Tournament ([IPT](#)) at **ETH Zurich, Switzerland**.

More information provided at the registration link. If you have questions please contact: rostmar@okstate.edu

HOW TO CREATE A TEAM

1) Gather 4-6 students to be **team members**, they should be current master or undergraduate students. Ph.D. students without a master degree are allowed to be members as long they are not active Ph.D. candidates. **Team leaders** could be up to 2 faculty or Ph.D. students.

2) For the USPT we will consider **problems 1-10** from the problem list. (The 5 preselection problems **1,2,4,6,10**, plus **3,5,7,8,9**). Choose the problems you like the most, remember, your team doesn't have to solve all of them.

3) Fill in the registration form and have fun solving the problems!

4) Get ready to travel and **prepare your presentations for the physics fight!**

5) The most important requirement is to **have fun with physics!**

IF YOU HAVE FURTHER QUESTIONS, CONTACT ROSTMAR@OKSTATE.EDU OR THE IPT COMMITTEE.
